English. I am not able to say whether this should be taken as a proof of the Amil's ignorance of English or put down to an eccentricity of the Amildar bred of his love for his native tongue If it is the former I do not think however much we may like to encourage talent for its own sake though unencumbered with a knowledge of English that he is the proper man for the Vice-Pres[t]ship of a municipality in Contact & perpetually rubbing sides with a British municipality like the C & W. Station. ~~As all the general question of the appointment of the Amildar was~~ ~~launched on the strength of the Dr Com[r]'s statement~~ above adverted to that no Vice-President was necessary in Calcutta his proposals were approved. If we are to have a Vice-President at all it is better to wait till the elections are over & the general question may then be Considered.

The Dr Com[r] therefore proposed and Govt agreed that the two functions should be separated & the City Amildar charged with the function of Collector of municipal taxes. It is now proposed to make him Vice-Pres[t] also & it seems to me that these two functions are if anything even more incompatible than the ones the combination of which the Dr Com[r] condemned in the above extract. Sanctioning a Special Amildar and an Executive Engineer for the Bangalore City Municipality.

Mysore Govt. Central Press, Bangalore.—14-8-91.—80.

Mr. Puttanna Chetti may, when these arrangements are sanctioned, be sent back to the General Department and put in charge of the Closepet Sub-Division with powers of a Magistrate of the 2nd Class.

No. 5631-2—L. 414, DATED 11TH AUGUST 1891.

ORDER.—The proposals contained in the above are generally approved.

2. Mr. Batni Nagesh Rao (Amildar of Shikarpur Taluk) whose present pay is Rs. 150 per mensem, will be lent to the Bangalore Municipality as Special Amildar. During such employment, his salary will be Rs. 200 a month, Rs. 50 of which will be contributed by the Municipality.

3. The Special Amildar will be invested with Magisterial functions to be exercised within City limits. The Deputy Commissioner will submit the necessary proposals through the Chief Court.

4. Mr. M. B. Tivari (late Assistant Engineer) is appointed Executive Engineer of the City Municipality on Rs. 150 per mensem.

5. For the present, Mr. Puttanna Chetti will continue to be Vice-President of the Municipality. And, when he may be relieved, the office of Vice-President will not be filled up, the duties thereof being conducted in the manner suggested by the Deputy Commissioner.

Memorandum from the Deputy Commissioner of the Bangalore District, dated 6th August 1891.

BANGALORE CITY MUNICIPALITY.

The last revision of taxes on Houses and Shops in Bangalore took place in the year 1880, fully ten years ago. The value of property has risen considerably since. The town is expanding. All available sites are being taken up and built upon. The conditions which determined the assessment 10 years ago have undergone a material change. The Mysore State Railway has opened out the country. Trade is improving. The population has risen from 63,000 to 80,000 during the decade. With all this material improvement in the value of house and shop properties, the income to the Municipality from this source is only Rs. 30,000 per annum, a sum which compares very unfavorably with similar Municipal revenue elsewhere. It will be conceded that this assessment based on the valuation of properties 10 years ago is unduly low at the present time and requires thorough revision. The necessity for this revision is becoming greater on account of the inadequacy of the present Municipal income (Rs. 1,05,000) to meet the large and growing wants of this important town. Schemes for thoroughly draining the town, a cheap and pure water-supply, the daily removal of the night soil, widening the lanes, up-keep of the roads, all these mean an expenditure far in excess of our present revenues. I am confident that a careful revision of the taxes will result in a considerable enhancement of the annual income of the Municipality. For these reasons I would strongly recommend the appointment of a Special Amildar for the City of Bangalore. This officer will, in addition to the revision of assessment, be charged with the duties of "the Collector of Municipal Taxes" referred to in Section 13 of the Municipal Regulations He will also be responsible that the accounts of receipts and expenditure are maintained in a proper manner. In this connection I may also state that it is proposed to introduce some changes in the system of book-keeping, calculated to show accurately the demand, collection and balance of Municipal taxes. As the present income of the Municipality is barely sufficient for the current working expenses, I beg to suggest that the salary of the City Amildar be borne by the Government as a temporary measure and until such time as the revenues show more elasticity.

The present Collector Swami Doss Pille is also the Manager of the Municipal Office. His salary is Rs. 100 of which Rs. 55 is debited to the Head Office and Rs 45 to the Collection Department. He may continue to draw his present pay Rs. 100 as the Manager of the office until separate provision is made for him. Besides, the combination of the two functions such as Collector of revenues and Manager of office is attended with inconvenience and is in many respects objectionable.

The necessity for a responsible adviser to the Board in engineering matters is felt at every turn. At present there is an Overseer on Rs. 50+15 per month. He is competent to execute orders, but he cannot be expected to supervise and control the affairs of an important branch like the Public Works Department of the Municipality The magnitude of the charge will be seen from the fact that the ordinary expenditure on Public Works in a year is nearly Rs. 35,000 besides the cost of Establishment. The control of this large expenditure requires an able and experienced Engineer of some standing and the want of one has been felt all along Important questions connected with the drainage, sanitation and the water-supply of the City and the proposed extensions to the north and west of the City remain to be dealt with. Also matters relating to the general improvement of the City. The Civil and Military Station Municipality have appointed an Executive Engineer on a salary of Rs. 500 per mensem. Such an appointment is clearly contemplated under Section 13 of the Municipal Regulations. I would therefore propose that an Executive Engineer be appointed on a salary of Rs. 150 a month. The pay of this officer may be met from the savings of the Vice-President's allowance. I may state that with the appointment of the Engineer and the City Amildar, a separate Vice-President will not be necessary nor is such an appointment obligatory under the Act. I shall be glad to perform the duties now devolving upon the Vice-President and when I am absent from Head-quarters, the Assistant Commissioner in charge of the Treasury who is now my Assistant for the supervision of Minor Municipalities will carry on the work under my orders.

I would propose that Batni Nagesh Rao, Amildar of Shikarpur, an official of exceptional ability and integrity be appointed City Amildar for Bangalore with a salary of Rs. 200 per mensem. He is quite deserving of being made an Assistant Commissioner if Government can promote him to that grade.

Mr. B. Tivari, late Assistant Engineer, will make an efficient Executive Engineer for the City.

for the burial of the gaol convicts, the President is referred to Sec 191 of the Bungalow Municipal Regulations under which the Board are bound to provide, out of Municipal funds, "fitting places to be used as burial or burning grounds." The section does not recognise any distinction between the gaol and civil population, and it seems to the Government that the Municipal Board cannot, under the provisions of this section legally refuse to allow persons, who may die in the gaol, being buried or cremated according to the usages of their caste or creed, in the burial or burning grounds set apart by the Municipality

The mere fact that a man has the misfortune to be cast for an offence and to die in prison and to die

Sir,

With reference to the Proceedings of Government No 13998/1450 dated 8/9 March 1892, I have the honor to state that the proposals for carrying on the work of the Municipality under existing circumstance are, that the City Amildar, who has given satisfaction in the discharge of his duties, may be declared a Vice President under Section 1, Clause 2 of Regulation No, of 1890. The allowance now given to the officer doing the duties of President during my absence from Head Quarters may be

discontinued from 1st June next, and distributed among the City Amildar and Executive Engineer as follows.- 50 to the City Amildar who will thus get altogether Rs 100/- from the Municipal funds and 50 to the Executive Engineer who will then draw a Salary of Rs 200/- from the municipality-

Mr Tivare, the executive Engineer has improved greatly since taking over charge of the Public Works Department of the Municipality, and may, with a little encouragement and careful Supervision, be expected to turn out an efficient head of the Municipal public works.

I have already in letter No 44 dated 20th Ultimo:. proposed that the present manager should be put in charge of the octroi department, the Octroi manager being made Sheristadar and manager of the office

From my experience of the working of the Municipality, I feel confident that the above arrangements

conduce to the affairs of the —
Municipality being conducted with —
efficiency and economy.

the Government of Mysore

Sir,

In reference to the Proceedings of the Government, No. 3505/L.453 dated 26th May 1892, and your Docket No. 5012/5953 dated 18th June 1892, I have the honor to report that I have, from the 1st June last, relieved Mr. Annaji Rao of his duties in connection with the Bangalore City Municipality, and no allowance need be paid him thereafter. But as Mr. Madhava Rao, as well as Mr. Annaji Rao believed that for the work which the latter did and my

to the usual allowance, it would be hard if he were now to be told that he was not so entitled and that he should refund the allowance he had drawn. It would be not only hard but would also be, I venture to submit, unfair and unjust to him Mr. Annaji Rao did not confine himself to office work, such as, passing bills, signing cheques, and signing papers, but appears to have done outdoor work such as Inspection of works, which would ordinarily entail extra expenditure. e.g. keeping of an extra horse. I beg therefore that the Government may be pleased to allow him the usual allowance upto the end of May last.

2. I purpose to make no change in the existing arrangements, until the elections are over when I shall address the Government again.

I have the honor to be,
Sir,
Your most obedient servant.

Ali Shujaat Ali

Order thereon

Dy. 28th July 1892

Government observe that the belief of both Mr Madhava Row and Mr Annaji Row that the Vice Presidents allowance would be continued to the latter had no reasonable foundation. The following extract from the memo the Dy Com approved

Government would shew that this is so.

"I would therefore propose that an Executive Engineer be appointed on a salary of Rs 150 a month. The pay of this office may be met from the savings of the Vice Presidents allowance. I may state that with the appointment of the Engineer and the City Auditor a separate Vice President will not be necessary..... I shall be glad to perform the duties now devolving upon the Vice President and when I am absent from head quarters, the Asst Com in charge of the Treasury, who is now my assistant for the supervision of minor municipalities will carry on the work under my orders."

The Government order on this proposal was as follows.—

" The proposals contained in the above are generally approved . . . . .

. . . . . .

5 For the present Mr. Puttanna Chetty will continue to be Vice President of the Municipality. And when he may be relieved, the office of Vice President will not be filled up, the duties thereof being conducted in the manner suggested by the Dy Com"

2 Government cannot see that there is anything ambiguous ~~in the reading~~ in the orders granted above nor that any interpretation can be put upon it, consistently with reason justifying the continuance of the Vice Presidents' allowa.

to Ms Annage Row. They accordingly direct that the allowance drawn by Ms Annage Row be forthwith refunded by him.—
